

RED ROCKETS

Dear parents and friends,

Time seems to have flown by since September and we find the Holiday Season upon us. What a busy time it is going to be!

A big thank you from all the staff and children to you for all the continued support you have shown towards out school throughout 2009.

We are all ready for our holidays but before we go we would like to remind you that on Wednesday 16th December we are expecting you in our classroom to our listen to our mini Christmas concert. The little show will start around 12:50 pm so if you could arrive by 12:45 pm that would be fantastic. Feel free to add some holiday cheer by wearing a Christmas hat or for the more adventurous Mums and Dads, a pair of reindeer antlers.

A new calendar will go up towards the end of the week for next term so feel free to add your name to an activity.

Remember that you will be volunteering for approximately six weeks at a time so the children will get to know you and on what days you are coming in.

Our new topic for January will be "Growing and Recycling". We will be looking at how plants grow as well as the life cycle of animals like frogs and butterflies.

We will see you back in school on Sunday 3rd January 2010.
Many thanks and have a wonderful Christmas and New Year!

Love,
Red Rockets
